How to add your Piazza Course Link to DEN@Viterbi Desire2Learn

To make it easier for your students to access the Piazza Discussion board, you can add it to your D2L page.

1. Navigate to the course page you want to integrate Piazza.

2. Click the Content area in the NavBar.

3. Add a new module at the bottom of the Table of Contents. Name the module Piazza.

4. Inside the Piazza module, click the “New” button and select “Create a Link”

5. In the popup window:
   a. Enter “Piazza” in the title field.
   b. Enter this address in the URL field: https://piazza.com/connect
   c. Check the box if Piazza opens in an external site.
6. **RECOMMENDED** – In order to prevent student confusion, do not add D2L discussion boards when using Piazza.
